Re: *Ex Parte* Filing - CC Docket No. 92-105

This is to advise that GTE Hawaiian Telephone Company Incorporated (Hawaiian Tel) plans to use three-digit codes in the N11 format to access telecommunications relay services ("TRS"). Effective July 26, 1993, Hawaiian Tel will designate 511 for voice access and 711 for text users as exclusive TRS access codes. This is consistent with the national support groups which are advocating standard access codes for TRS.

In taking this step, Hawaiian Tel is responding to the increasing demand for TRS and is the first local exchange carrier to dedicate N11 codes for this service.

Two copies of this Notice are hereby filed with the Secretary of the Commission in accordance with Section 1.12306(a)(1) of the Rules. Please include this letter and its attachments in the record of this proceeding.

Sincerely,

F. Gordon Maxson
Director -Regulatory Affairs
